Enter your email

MANUAL SETUP

Add your " Roll No "

< NEXT >

5. Select “ **Personal(IMAP)** ”

6. Add your “LDAP Password”

7. INCOMING Server Setting

Server : **imap.iitb.ac.in**

Port : **587 (if required)**

Security type : **STARTTLS (if required)**

The screenshot shows a mobile application interface for configuring incoming server settings. At the top, there is a status bar with icons for signal strength, Wi-Fi, 3G, and battery level (20%) at 10:52 PM. Below the status bar is a blue header with the text "Incoming server settings". The main content area is white and contains three input fields:

- Username:** A text input field containing "@iitb.ac.in".
- Password:** A password input field with masked characters (dots). It includes an eye icon to toggle visibility and a close (X) icon.
- Server:** A text input field containing "imap.iitb.ac.in".

At the bottom of the screen, there is a grey navigation bar with a left arrow and the text "NEXT" followed by a right arrow.

8. OUTGOING Server Setting

Server : smtp-auth.iitb.ac.in

Port : 587 (if required)

Security type : STARTTLS (if required)

Outgoing server settings

Require signin ON
